Comments

“ My heartfelt condolences to all of Ashlee’s loved ones especially Morgan. I hope wonderful memories flow through you stronger than the hurt of her being gone. Praying for you all at this sad time. I was Ashlee’s momma Rose, from Garden Prairie. She spent a lot of time in our home with all my kids and she truly was like another daughter. My husband Greg would joke a lot with Ashlee and she used to laugh so hard at his goofy jokes she would be wiping away tears from laughing so hard. Some of the best times were our huge hugs and her whispers of how much we meant to her. Likewise, and how much we loved her back. She will be greatly missed and in our prayers always.

“ So much I could write, but I'd rather just say I loved her with all my heart. My baby sister was incredible, I will always remember the lessons she taught me along the way, And her big beautiful heart. I pray those affected by her passing, find strength and peace. She will live on in all of us. Gone but never forgotten
